We are proud to offer for sale, this lovely 3 bed, 2 bath villa with full sized underbuild, with gym, bar and play area, with a large 8x4m covered pool.

As you enter the main gate, you can enter either the garden, or the drive to the garage. The garage is a large area, the full floor of the house, split into a garage area, and a further door into the gym, bar and entertainment areas. Back at the upper level (flat with the main entrance gate) is the front garden, with an 8x4 pool, with rigid cover, making this pool useable for a longer season (the cover can be retracted in the summer). This in turn leads down to the rear garden, which has a further bar area, a lounging area and a kids play area - with access via stairs, directly to the kitchen.

The front of the property has a large glazed area, which can be fully opened, and this then leads to the lounge. The glazed area also has the controls for the "on grid" solar system, with 5 panels, to reduce your electricity costs.

The large lounge leads to the kitchen to one side, and the bedrooms and bathrooms to the other side, with the master bedroom being en-suite.

The house is in excellent condition, and the walk through video tour helps to explain the layout.

We anticipate this will sell quickly, and the house being urban, is perfect for a mortgage if needed.
