Large Country House with pool, land, area for animals, etc, well connected to Elda, Petrer, Monóvar, Sax. The property has many possibilities for housing rental with prior authorization and with large outdoor space. The house has a lot of space in the built part of it to renovate and right now it has 3 bedrooms (two of them very large at the entrance).

You could get three other rooms, and, in the attic, there is space for another room.

In the back there is a large patio of more than 100 meters to have an open area for events, recreation, barbecue.

The house has a fairly high warehouse connected to the house where you can make a play area, rooms, etc.

There is a large space in the house, and it could be modernized, leaving everything better distributed.

The living rooms next to the fireplace are very spacious and easy to modernize and have a generous height.

Outside there is a small pool also in need of modernization but with good dimensions.
