

**Townhouse in Los** 

Fabulous townhouse located in the village of Los Montesinos, which oozes character. hbsp; The house is beautifully decorated, and has that lovely "homey" feel to it.

Upon entering the house, there are a few steps to go up to a split level type spacious lounge with lovely fireplace, with a square archway leading into the kitchen. The utility area at the back of the kitchen has been closed off to provide a very good sized laundry room with lots of extra kitchen cupboards for storage. Also on the ground floor is a bathroom with shower.

Upstairs we have three large double bedrooms, as well as a family bathroom with shower over bath. The master bedroom is really very roomy, and has its own en suite bathroom with walk in shower, as well as a Juliet balcony. Going back to the entrance of the house, there is an internal staircase leading down into the garage level. In this area, there is a separate workroom / office, as well as a large private garage with lots of room for your car as well and tools and storage.

This property has been meticulously maintained, and would make a wonderful home for the next family.
